Investment Objective

The GIB AM European Focus Fund aims to outperform the MSCI Europe Index over the long-term by identifying and investing in a group of world-class, European companies that, in the manager's view, demonstrate consistently strong qualitative (vision, purpose & values) and quantitative characteristics (returns on capital & free cash flow per share growth). Central to this investment approach is a fundamental focus on corporate culture as a source of competitive advantage.

The Fund is actively managed. The MSCI Europe Index serves only as an indicator for assessing the Fund's performance. The Investment Manager's discretion in constructing the portfolio is not limited to, or constrained by, the constituents of the MSCI Europe Index.
